Sacred Heart Rehabilitation Center is dedicated to assisting all people with behavioral health issues, including those with limited means, to improve their quality of life.

SACRED HEART PREVENTION SERVICES ARE EVIDENCE BASED WITH PROGRAMS AIMED AT PREVENTING OR REDUCING PROBLEMS ASSOCIATED WITH SUBSTANCE ABUSE.

- Classes for first time DUI and drug offenders
- C4P (Cited for Providing) class for adults who have provided alcohol to a minor
- Involvement in Recovery Oriented Systems of Care (ROSC)

FOR
ADULTS,
ADOLESCENTS
& THE
COMMUNITY

SACRED HEART PREVENTION PROGRAMS:

Primary Prevention: *To prevent substance abuse problems before they begin.*

- Community coalitions (i.e., Bay County Prevention Network, Prescription Drug Prevention)
- Health fairs and media campaigns (i.e. Alcohol Awareness Month, Just Say No health fair, Kick Butts Day)
- Tobacco education
- Tobacco compliance checks
- Speaking engagements
- Project DEADLY (Demonstrating the Effects of Alcohol and Drugs on the Lives of Youth)
- Fetal Alcohol Syndrome prevention
- Prevention of drunk/drugged driving

Tertiary Prevention: *To prevent/reduce further problems with substance abuse.*

- After school programs for students who have received an MIP (Minor in Possession) for alcohol/drugs or tobacco; or if students have violated their school code of conduct in regards to alcohol, drugs and tobacco

Prevention services are not a stand-alone project – these involve working with other entities within the community including (but not limited to) law enforcement, behavioral health, schools, probation departments, human service agencies, SADD chapters and medical staff. These collaborations increase the effectiveness of the prevention services.
