

FOR WOMEN, WOMEN WITH CHILDREN AND PREGNANT WOMEN
WOMEN'S SPECIALTY SERVICES

www.sacredheartcenter.com

Sacred Heart Rehabilitation Center is dedicated to assisting all people with behavioral health issues, including those with limited means, to improve their quality of life.

Sacred Heart offers women's specific services in an all-female service environment which is free from the distractions of a co-ed facility. Sacred Heart is the largest woman's specialty services provider in Michigan. We have the ability to provide short and long term residential inpatient, outpatient services, independent living apartments and supportive housing between our two programs: New Life Home for Recovering Women and Clearview.

Sacred Heart women's specialty services incorporate a variety of health, parenting, child care, case management, specialized medical care and additional services with a course of substance abuse treatment.

Sacred Heart provides these unique services because we believe strength can be drawn from keeping families unified and there is nurturing support from women to women, which creates a commitment to treatment unparalleled by any other treatment program.

CLEARVIEW

Our Sacred Heart Clearview woman's specialty program is truly unique, we are able to exclusively provide services to women, and women who are in need of bringing their children into treatment and pregnant women.

Clearview provides an environment that allows women who are the sole source of parenting for their children the opportunity to bring

them into the residential treatment center and be assured of their safety and well being.

An additional important role of our Clearview facility is that we specialize in, the treatment needs of women who are pregnant and are addicted to opiates.

NEW LIFE HOME FOR RECOVERING WOMEN

New Life Home provides a long-term residential service and two facilities nearby to provide transitional housing for women who have completed residential treatment for a period of up to two years.
